Immigration Practice 2006-2007 Robert C. Divine

Immigration Practice 2006-2007 covers all aspects of immigration law in one volume, complete with over 3,000 footnote citations to the wide range of statutes, regulations, court and administrative cases, policy memos, operations instructions, agency interpretive letters, and internet sites that a lawyer needs for complete understanding of a particular problem. No other source merges the practical with commentary and analysis so helpfully. Immigration Practice explains in understandable language and meaningful and dependable detail the substantive issues and the practical procedures a lawyer needs to handle a specific immigration matter, complete with checklists of forms, documents and types of evidence needed for application/petition packages. Liberally cross references to other sections in the book where related topics are discussed (because so many topics are interrelated). Provides line-by-line instructions on how to complete the most commonly used forms to avoid embarrassing mistakes. Contains comprehensive charts of detailed contact information for the officials in the many government agencies administering immigration laws, some of which are not available anywhere else, including INS' reorganized regional and district offices, Immigration Courts, consulates throughout the world (with country-unique rules), labor department regional offices, state employment and prevailing wage specialists, suppliers of country conditions information for asylum claims, au pair programs, and more; (such as Internet sites, and au pair agencies) Organizes explanations of potentially applicable visa options according to the attributes of the alien (and the employer), rather than the classifications in alphabetical order, so that practitioners can make sense of options in light of the client in the office. Compares and charts attributes and procedures of such topics as nonimmigrant visa classifications, procedures to permanent residence, and standards of "extreme" hardship. - Cites the most useful Internet site URLs with explanation of the increasingly helpful free databases and tools available through each one. Is edited and completely updated each year with the latest developments in all areas of immigration law.
