Potent medieval faery lore and hidden goddess traditions for the 21st century. Gareth Knight explores and reveals the hidden mystery of the Faery Melusine, a major figure in medieval French lore and legend. Through vivid interpretation of original source texts, Gareth Knight shows that the Melusine story is a powerful initiatory legend emerging from the deeply transformative Faery Tradition of ancient Europe. Furthermore he demonstrates how such legends manifest as history: the innate sacromagical power of Melusine affected key places and events in the development of the medieval world and from there reached far into the shaping of the modern world through the conflicts for Jerusalem and the Middle East. Gareth Knight is the author of many books on magic, occultism, and esoteric tradition. His work is known world-wide and has been influential in the development of the contemporary magical revival.
