St. Paul, the Natural Law, and Contemporary Legal Theory

The editors of this unique collection of essays exploring the relationship of St. Paul and the natural law bring together contributions by scripture scholars, theologians, philosophers, and international lawyers. Inspired by the special Jubilee Year from June 2008 to June 2009 – proclaimed by Pope Benedict XVI to celebrate the 2,000-year anniversary of the birth of St. Paul – the chapters in this book are the fruit of the contributors' collaboration during the celebration of the Year of St. Paul. They share a common appreciation of the natural law as a basis for civil law and contemporary legal theory, and each chapter examines the foundations of the natural law – particularly in the writings of St. Paul – giving special recognition to the Catholic contributions to natural law and contemporary legal theory.
