(5 of 5 stars) By Aaron Cavanaugh "Should be added to any MBA library" (September 6, 2010) Format:Paperback|Amazon Verified Purchase Hi, This is a great book and should be added to any MBA student library. I am finding it especially helpful in the middle of my program. Brannock goes into detail about some older management studies that I had not been aware of previously. He describes them succinctly and with good detail. The 8 day BCA case in Ch. 1 is very helpful and I can see going back to this book as a resource in the future.
