THIRDS: Book Two

When a series of bombs go off in a Therian youth center, injuring members of THIRDS Team Destructive Delta and causing a rift between agents Dexter J. Daley and Sloane Brodie, peace seems unattainable. Especially when a new and frightening group, the Order of Adrasteia, appears to always be a step ahead. With panic and intolerance spreading and streets becoming littered with the Order's propaganda, hostility between Humans and Therians grows daily. Dex and Sloane, along with the rest of the team, are determined to take down the Order and restore peace, not to mention settle a personal score. But the deeper the team investigates the bombings, the more they believe there's a more sinister motive than a desire to shed blood and spread chaos.

Discovering the frightful truth behind the Order's intent forces Sloane to confront secrets from a past he thought he'd left behind for good, a past that could not only destroy him and his career, but also the reputation of the organization that made him all he is today. Now more than ever, Dex and Sloane need each other, and, along with trust, the strength of their bond will mean the difference between justice and all-out war.
