Trailer: <https://www.youtube.com/watch?v=ubDFW7j4hj0> What? Students in charge of the school! Whoever came up with such a ridiculous idea! Actually, as author Chris Holley delves inside the minds of today's students, we find there is a huge amount of creativity and fun to be had! The kids are indeed ruling the school! What fun do they have? Is Math still on the agenda? What with DJ's dubbing, and teachers disappearing, there is clearly a NEW curriculum in place! Ideal for the 6-10 age range, the story lends itself to the option of being a play, or an introduction to poetry and rhyme. With 28 beautifully illustrated pages, your students and all kids will love the ideas. More likely than not, they'll come up with their own to add to the list! Teachers beware! This is a story full of whimsy and fun for kids of all ages. A playful picture book that reminds us not to take life too seriously and allow children to be in charge for a change (even if it's only in their imaginations).
