Programming Microsoft Visual C++ David Kruglinski, George Shepherd, Scot Wingo

Microsoft Visual C++ 6.0 is the latest version of the industry-standard programming language for professionals. And "Programming Visual C++, Fifth Edition", is the newest edition of the book that's become the industry-standard text. Newly expanded and updated, it offers the same detailed, comprehensive coverage that's consistently made this title the best overall explanation of the capabilities of this powerful, complex development tool. "Programming Visual C++, Fifth Edition", delivers authoritative guidance on: Fundamentals GDI, event handling, dialog boxes, memory management, SDI and MDI, printing, and help.

Advanced topics: multithreading, DIBs, ODBC, and DLLs COM creating document objects, ActiveX Controls, and components; automation; and using wizards and compiler extensions that support COM C++ programming for the Internet Windows Sockets, MFC WinInet, and ISAPI extension programs for Microsoft Internet Information Server.

An enclosed CD-ROM contains valuable sample source code and sample applications developed for the book-all of which makes this volume an indispensable tool that every professional will keep close at hand.

Building on the solid achievements of its predecessors, the latest edition provides important new coverage, including:

An overview of control development with ATL

A full discussion of the latest database programming enhancements

A valuable explanation of recent COM improvements

A comprehensive examination of Microsoft Internet Explorer 4.0 controls.

From reader reviews:

Joan Burton:

What do you concentrate on book? It is just for students as they are still students or the item for all people in the world, what best subject for that? Simply you can be answered for that problem above. Every person has several personality and hobby per other. Don't to be pressured someone or something that they don't wish do that. You must know how great along with important the book Programming Microsoft Visual C++. All type of book can you see on many resources. You can look for the internet sources or other social media.

Virgina Scheffer:

The publication untitled Programming Microsoft Visual C++ is the e-book that recommended to you to read. You can see the quality of the e-book content that will be shown to you. The language that creator use to explained their ideas are easily to understand. The writer was did a lot of research when write the book, so the information that they share for your requirements is absolutely accurate. You also could get the e-book of Programming Microsoft Visual C++ from the publisher to make you a lot more enjoy free time.

Raymond McMillion:

This Programming Microsoft Visual C++ is great reserve for you because the content which can be full of information for you who have always deal with world and have to make decision every minute. This kind of book reveal it data accurately using great manage word or we can say no rambling sentences within it. So if you are read the idea hurriedly you can have whole facts in it. Doesn't mean it only offers you straight forward sentences but challenging core information with beautiful delivering sentences. Having Programming Microsoft Visual C++ in your hand like obtaining the world in your arm, info in it is not ridiculous one particular. We can say that no e-book that offer you world with ten or fifteen second right but this reserve already do that. So , this can be good reading book. Heya Mr. and Mrs. stressful do you still doubt this?

Pete Dominguez:

Within this era which is the greater particular person or who has ability to do something more are more important than other. Do you want to become among it? It is just simple strategy to have that. What you are related is just spending your time not very much but quite enough to possess a look at some books. One of many books in the top listing in your reading list is actually Programming Microsoft Visual C++. This book and that is qualified as The Hungry Mountains can get you closer in turning into precious person. By looking up and review this reserve you can get many advantages.
