## A Grammar of the Icelandic or Old Norse Tongue (Classic Reprint) Rasmus Rask

Old English Authors; and it may not perhaps be too much to expect that we shall soon have a Professor of English in the University of Oxford. Should the present Translation be instrumental in furthering this good work, the pains spent on it will be amply repaid; putting aside the study of Old Norse for the sake of its magnificent Literature, and considering it merely as an accessory help for the English student, we shall find it of immense advantage, not only in tracing the rise of words and idioms, but still more in clearing up many dark points in our early History; in fact so highly do I value it in this respect, that I cannot imagine it possible to write a satisfactory History of the Anglo Saxon Period without a thorough knowledge of the Old Norse Literature. Before I close I wish to add a few words on my Translation; it is, I hope, a faithful rendering of Rask's more complete Icelandic Grammar, which he published at Stockholm in 1818 under the Title „Anvisning till I slandskan eller Nordiska Fornspråket, af Erasmus Christian Rask. Fran Danskan ofversatt och omarbetad af Forfattaren.

(Typographical errors above are due to OCR software and don't occur in the book.)
