Love and lies can corrupt even the purest heart... In the magical underworld of Victorian London, Tessa Gray finds her heart drawn more and more to Jem, while her longing for Will, despite his dark moods, continues to unsettle her. But something is changing in Will - the wall he has built around himself is crumbling. Could finding the Magister free Will from his secrets and give Tessa the answers to who she is and what she was born to do?

The Infernal Devices 1: Clockwork Angel

This is a new urban fantasy full of vampires, werewolves and shape-shifters from the bestselling author of 'The Mortal Instruments' series. It's London, 1878: sixteen-year-old Tessa Gray's priority should be finding her brother, not falling in love, especially with two boys.
