## **Digital Sisterhood: A Memoir of Fierce Living Online** Ananda Kiamsh Madelyn Leeke

Ananda Kiamsha Madelyn Leeke became a pioneer in the digital universe twenty-seven years ago, when she logged in to the LexisNexis research service as a first-year law student at Howard University School of Law. She was immediately smitten with what the World Wide Web could do. Later, while attending the UN Fourth World Conference on Women in Beijing, China, in 1995, Leeke found herself in an Internet café, where she experienced an interaction that changed her life. Over time, through interactions and conversations both online and in-person, Leeke developed the concept of "digital sisterhood" Embracing this revolutionary concept led to a complete career reinvention that finally allowed her to embrace her enormous creative spirit. She found in her digital sisters true "sheroes" and virtual mentors. Her blogging and social media adventures highlight the lessons she learned in the process, the reasons she launched the Digital Sisterhood Network, and the experiences that caused her to adopt what she terms the "fierce living" commitments. In her memoir, Leeke details her journey, sharing experiences and insights that helped her and her digital sisters use the Internet as a self-discovery tool and identifying leadership archetypes that shaped her role as a social media leader.
