Dianna seemed to be an ordinary girl back in junior high. But there was something people didn't know about her. Some sort of a secret she unraveled years later – her life was completely changed by...two kisses. As simple as it may sound, those kisses determined her life once and forever.

The first one was...Ugh...definitely not the one every little girl dreams of. Is life really so unfair? Is fate so sadistic? Or maybe they are just preparing a big surprise? Dianna got a second chance and her second kiss was more than enough to make up for the first one. So was the third and the fourth and...

They were perfectly happy – her and Susan – the girl who stood behind the second kiss. But life became unexpectedly real. Graduation. College. Money. Friends. There turned out to be so many things Dianna hadn't even known about in the first place. Will the first love conquer the reality? Will it be the last one? Or will it end so fast and so silly as the first fight? Will they lose each other to find again?
