Unwritten Laws of Engineering: Revised and Updated Edition W. J. King, James G. Skakoon

This fully revised and updated edition of the 1944 classic serves as a crucial compilation of 'house rules' or a professional code. This new edition keeps the style of the original and much of its content. Changes reflect shifted societal values, changed employment laws and evolved corporate structures. Packed with contemporary examples, this new volume is a must for those entering the engineering field or for those interested in improving their professional effectiveness.
