Redefining Airmanship

Tony Kern

Redefining Airmanship Tony Kern

Redefining Airmanship offers the first concrete model of the abstract ideal of "airmanship," and gives the reader step-by-step guidance for self-appraisal and improvement in the areas of flight proficiency, teamwork, and good judgment in crisis situations. The author, Major Tony Kern, draws on his extensive flight and crew-training experience in the U.S. Air Force, but his model is invaluable for all pilots, whether military, recreational, or commercial.

"Kern's work is a breakthrough, and a benchmark."

--**John J. Nance**, author of *Blind Trust*
