Welcome back to the Block, where your neighbors are MMA competitors and your favorite investigator is still busy as hell. Round two of The Fighter's Block is about to begin...

Consumed by questions he can't answer and a childhood he barely remembers, Cole spends his time working cases for others instead. His skills are in high demand and he stays focused on whatever assignment he takes on, but the truth is, his past will always be there to haunt him.

Now a new case has occupied his time. Following the motto "expect the unexpected," Cole faces each obstacle with precise intuition. He's good at what he does because he remains detached, avoiding personal relationships so his judgment is never impaired. But finding Leah Kemp changes everything, and it's only the beginning to an entirely new collection of buried secrets. Lives will no doubt be turned upside down.

As usual, no one is who they seem to be. Friend or foe, everyone has lied to him at some point. Cole has let down his guard a little too much and he's starting to regret it. But there's only one person that helps him see what his life has become, and she refuses to come second to anything.

He has new decisions to make, but will he make the right choice before it's too late? Find out in the gripping romantic suspense...
