How do you catch a man who is never the same man twice?

That is the question posed in **The Ninth Orphan**, a top-rated international thriller novel and the first book in **The Orphan Trilogy**.

An orphan grows up to become an assassin for a highly secretive organization. When he tries to break free and live a normal life, he is hunted by his mentor and father figure, and by a female orphan he spent his childhood with. On the run, the mysterious man's life becomes entwined with his beautiful French-African hostage and a shocking past riddled with the darkest of conspiracies is revealed.

But can the ninth-born orphan ever get off the grid? To find out you'll need to go on a tumultuous journey around the globe to such far-flung locations as China, France, the Philippines, Andorra, America, England, Germany and French Polynesia. **The frenetic cat-and-mouse chase moves from airports to train stations and hidden torture prisons, taking the reader on a shocking, nail-biting ride into the world's closet of skeletons that goes beyond conspiracy theories to painful reality.**

Fast-paced, totally fresh and original, filled with deep and complex characters, **The Ninth Orphan** is a controversial, high-octane thriller with an edge. Merging fact with fiction, it illuminates shadow organizations rumored to actually exist in our world. **The novel explores a plethora of conspiracies involving real organizations like the CIA, MI6, and the UN, and public figures such as President Obama as well as the Clinton, Marcos and Bush families.**

Tackling genetic selection, mind control and secret societies, **The Ninth Orphan** exposes a global agenda designed to keep the power in the hands of a select few. The novel's antagonists are members of a shadow government acting above and beyond the likes of the White House, the FBI, the Pentagon and the NSA. **Could something like this ever take place? Or, is it already taking place right now?**

This unique and unpredictable thriller also has a poignant, romantic sub-plot. The story contains the kind of intimate character portraits usually associated with psychological novels.

Buckle up for a wild trip full of death-defying action, cloak and dagger intrigue, unexpected role reversals and surprise endings.
