Going beyond the standard pet communication book, this adventure delivers messages from many different wild and sacred animal species. Voices of the white buffalo, the humpback whale, the white lions of Timbavati South Africa, orcas, and bears all speak through the author, who embarked on a spiritual journey across several continents in search of this wisdom from animals. In turns moving, empowering, and entertaining, it includes practical ways to implement the animal knowledge, conveying vital messages to help save humanity and the natural world.
