Managing Information in the Public Sector Jay D White

This first-of-its-kind survey covers both the basics of information technology and the managerial and political issues surrounding the use of these technologies. Unlike other works on information systems, this book is written specifically for the public sector and addresses unique public sector issues and concerns. The technical basics are explained in clear English with as little technical jargon as possible so that readers can move on to informed analysis of the public policy issues surrounding government's use of MIS. This practical tool includes end of chapter summaries with bridges to upcoming chapters, numerous boxed exhibits, thorough end-of-chapter notes and a bibliography for further reading.

From reader reviews:

Yvonne Terrell:

Nowadays reading books become more and more than want or need but also work as a life style. This reading behavior give you lot of advantages. The huge benefits you got of course the knowledge your information inside the book that will improve your knowledge and information. The knowledge you get based on what kind of publication you read, if you want have more knowledge just go with training books but if you want truly feel happy read one having theme for entertaining for instance comic or novel. The Managing Information in the Public Sector is kind of e-book which is giving the reader erratic experience.

Shawn Hunter:

People live in this new morning of lifestyle always make an effort to and must have the extra time or they will get lot of stress from both daily life and work. So , when we ask do people have free time, we will say absolutely sure. People is human not just a robot. Then we inquire again, what kind of activity are there when the spare time coming to anyone of course your answer will probably unlimited right. Then ever try this one, reading ebooks. It can be your alternative with spending your spare time, the actual book you have read is Managing Information in the Public Sector.

Lori Parker:

Playing with family in a park, coming to see the ocean world or hanging out with good friends is thing that usually you may have done when you have spare time, subsequently why you don't try thing that really opposite from that. Just one activity that make you not feeling tired but still relaxing, trilling like on roller coaster you already been ride on and with addition details. Even you love Managing Information in the Public Sector, you may enjoy both. It is good combination right, you still would like to miss it? What kind of hangout type is it? Oh occur its mind hangout fellas. What? Still don't obtain it, oh come on its named reading friends.

Christopher Gonzalez:

Many people spending their time by playing outside together with friends, fun activity along with family or just watching TV all day every day. You can have new activity to pay your whole day by studying a book. Ugh, do you think reading a book can definitely hard because you have to bring the book everywhere? It all right you can have the e-book, delivering everywhere you want in your Cell phone. Like Managing Information in the Public Sector which is having the e-book version. So , why not try out this book? Let's observe.
