## **Nuclear Age, The** Tim O'Brien

**The Nuclear Age** is about one man's slightly insane attempt to come to terms with a dilemma that confronts us all—a little thing called The Bomb. The year is 1995, and William Cowling has finally found the courage to meet his fears head-on. Cowling's courage takes the form of a hole that he begins digging in his backyard in an effort to "bury" all thoughts of the apocalypse. Cowling's wife, however, is ready to leave him; his daughter has taken to calling him "nutto"; and Cowling's own checkered past seems to be rising out of the crater taking shape on his lawn, besieging him with flashbacks and memories of a life that's had more than its share of turmoil. Brilliantly interweaving his masterful storytelling powers with dark, surreal humor and empathy for characters caught in circumstances beyond their control, Tim O'Brien brings us his most entertaining novel to date. At once wildly comic and sneakily profound, **The Nuclear Age** is also utterly unforgettable.

#### **Paul Mendosa:**

As a college student exactly feel bored to reading. If their teacher questioned them to go to the library or to make summary for some reserve, they are complained. Just minor students that has reading's heart and soul or real their interest. They just do what the teacher want, like asked to the library. They go to presently there but nothing reading critically. Any students feel that studying is not important, boring and can't see colorful pics on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this Nuclear Age, The can make you really feel more interested to read.
