Primary Prophecy Ross Y Cohen

Primary Prophecy is a foundational reanalysis of scriptural prophecy. It explains prophecy simply and without improbable innovation. Beginning with the obvious, it builds towards the complex, following scripture's own statements and themes to reveal its prophetic vision. The construction of this vision solves prophecy's most baffling puzzles, doing so cleanly and without recourse to the customary crowbar or evasion. The final result is a coherent, unified vision whose fulfilled prophecies prove God to be scripture's origin. While this explanation of scripture's primary mysteries stands on its own, a further evidence of its truth is that it incidentally generates explanations of scripture's secondary mysteries, such as why the Messiah is titled Shiloh, why God tries to kill Moses, why the boys mocking Elisha number forty-two, the meaning of Cain's mark, and why God chose circumcision. All these mysteries (and many others like them) have simple and unstrained explanations which grow out of the book's primary prophetic analysis.
