Sometimes the touch of an angel can be deadly.

The name's Chaos. Chaos Killbourne to be exact. People call me reckless, but they're wrong. I'm more like the perfect storm. Destroy an entire city with a single glance? I can do that. Wipe mankind off the face of the earth once and for all? I can do that too. Born to lead a revolt of epic proportions so the Dark Ones can rise up and rule the world is my destiny. Refusing to follow direct orders and become a weapon of mass destruction is my downfall.

Cursed by fate, I'm currently on a collision course to form the perfect union in order to balance my explosive supernatural powers before I self-destruct, and take the planet with me.

There's just one tiny problem.

Once formed the union can never be broken. With a bad attitude and an even worse temper I can't be tamed. Not that I have time to worry about my love life, of course. I'm just trying to make it through high school in one piece. All I know for sure is that the future of mankind rests in my hands, which really pisses me off. I never asked to save the world. After all, I was born to destroy it.
