Which Ruling Steward of Gondor had two wives? Was Beren the One-handed an only child? How comes that Aragorn from 'The Lord of the Rings' has actually married his aunt? And were there any kings of Dale before Bard I? This volume expands on the tables, once published on Lalaith's Middle-earth Science Pages, that comprise the genealogies of the noble Mannish houses from the First to the Fourth Age of J.R.R. Tolkien's Middle-earth. They are not found like that in the Appendices of 'The Lord of the Rings' or 'The Silmarillion' but spread over various sources which sometimes conflict with each other.
