BE AWARE: If you want to get bankrupt while perusing your dream of becoming a pilot, do NOT buy this book!

“Imagine flying your plane, and to be among the birds, as well as free from financial frustrations...” What would that feel like to have fulfilled your dream?

Becoming a pilot is very expensive! Only a handful of people actually finally become a pilot, as they are determined enough to make it through the training, as well as having enough financial backing to pay for the flight training.

In this book, Les Batchelor, a veteran pilot with over 14000 flying hours, teaches you how to prepare yourself for flight training and become a pilot. His book covers all aspects of pilot's licences and flight training, as well as the most efficient way to obtain the professional pilot licenses.

Whether you are still at school or if you are in fulltime employment, this book will not only show you how to navigate your way through the hoops and loops, but also point you in the most efficient routes.

This book outlines all the various subjects, and flight training modules, as well as what to consider for anyone who wants to obtain a licence in another part of the world in order to reduce the flight training budget. A large chapter about the FAA license explains what you need to do to get your licence in the United States of America. It also covers UK and European regulations.

A large portion of this book describes the actual flight training component, which introduces you to stalling, slow flight, climbing, descending, spinning, take off, landing, your first solo flight, and many other aspects of flight training and ground school. It even introduces you to doing a forced landing without power.

One of the best parts of this book is on finance, as Les Batchelor outlines ways to keep the flying training costs down. Since the financial burden scares many people away from their dream of having a career as a pilot, his tips and recommendations will show you that it is in fact more within their reach.

If you are stuck finding answers to your questions about becoming a pilot, you are likely to find the answers in this book. A better approach though would be to read this book completely, rather than skimming through it for an answer. You will so much more!

If your dream is to become a pilot, but you do not know where to start? This book will give you the BEST insight into achieving your dream in the most efficient and cost effective way. Let Batchelor be your first instructor, who will not only guide you in how to start training for a career in aviation, but also will give you

a tremendous jump start over others like you.

If you want to become a pilot, you need to read this book first!
