Text, Theology, and Trowel: New Investigations in the Biblical World

Text, Theology, and Trowel consists of ten essays on the understanding and reception of the Hebrew Bible in Judaism and Christianity. Textual exegesis, historical contexts, and modern reception of the Hebrew text are placed side by side to encourage interdisciplinary study. Two theologically minded essays are included to help overcome the biblical studies/theology dichotomy. By placing such divergent approaches together, this volume will help expand ways of thinking about the Bible and its cognate fields.
