Virtual Real Estate: How to Make Money Buying and Selling Domain Names - A 2014 Guide to Flipping Domains (with Investing Tips and Email Sales Letter Templates) Von Money

On April 18, I flipped a \$16 domain into \$436.65 in my Paypal Account

Sure, I had to send out 22 emails before I got the sale but is that so bad?

Domain Names really are **Virtual Real Estate** and let me be the first to tell you, even in 2014, they're still smoking hot.

You've heard of making money flipping houses but have you ever thought about flipping domains as a business?

- There's a lot less risk (you can buy a .com for \$1.99 right now) so your overhead is lower
- You can work from home
- You can specialize and invest in domains in areas you're passionate about (you'll have the insider knowledge advantage too)

In **Virtual Real Estate**, I give you my entire blueprint. Secrets, sample email templates for sending out sales letters to prospects, buyer psychology, seller psychology...

Hold on, let me list out some of this stuff:

- How to buy domains for cheap
- How to target end users
- Where to list your domain names to maximize exposure
- Why domains are worth so much
- Why investing in domain names is so lucrative

It's all here in my 2014 guide to flipping domains. Make no mistake, this isn't a hobby booklet, this is a hardcore book on making money from domain names as a professional.

And there's a **100% Satisfaction Guarantee** - If you're not completely satisfied, you have 7 days to return this book, no questions asked.

I Have Zero \$100,000 Sales

I've never made a 6-figure sale in my life. I'm not a monster. My bread and butter is picking up domains for cheap and flipping them for a few hundred dollars.

If you're ok with picking up with small "domain crumbs", then buy this book. I'll teach you how I find good domain names you can flip and exactly where I look to find them.

Do You Just Want a Business You Can Start at Home?

Domain name flipping is an excellent stay-at-home business that you can make legit money doing.

The best part is you don't need a bunch of start up capital and you can begin today.

Buy this book. It's only \$8.99 and you'll get a really practical blueprint on how to turn domaining into a business you can actually make a decent amount of money with.

Did you know domains have one of the best ROIs of ANYTHING all-time?

Think about it, where else can you buy a \$10 domain off Godaddy auctions and turn it into \$5,000 within a year?

(Yeah, that really happened)

Disclaimer #2

I've Wasted Tens of Thousands of Dollars on Stupid Domains

I used to suck at domaining. I paid several thousands in renewal fees for years and while, yes, I made some sales, I was just spinning my wheels. I wasn't really making any money.

Don't be like me! For the love of Kentucky Derby Roses, don't give domain registrars any more extra money. Believe me, I've already compensated them enough for the both of us.

This book is only \$8.99 but you will get an education I spent tens of thousands of dollars on.

What comes inside the book?

- Personal Success Stories
- How I find \$500 domains (don't worry, you'll find some too!)
- What domain extensions I like and stay away from
- Email sales letters I actually send to end user prospects
- How to overcome the fear of selling too cheap

I completely spill all the secrets to success (and avoiding failure) with no tricks, tips, or insider information held back.

Virtual Real Estate is the cold hard truth. About winning and losing. About buying and selling. About confidence and the game between your ears.

If you haven't decided by now, read the free preview and you'll be sold.

Scroll up now and click "Buy now with 1-Click". You just might start your new domain business tonight.

PS Don't forget, there's no risk to buying this book. If you aren't in love with domain flipping after reading this book, get a 100% refund on your money. There's nothing to lo
