Powerone brings you a classic Tarzan-and-Jane-style novel with an erotic twist of submission and BDSM that only he can describe in all its erotic detail. Jane: Taken by the Ape-Man is the story of billionaire Rich whom finds Jane's secret desires hidden beneath the loose dresses she wears and inspires her with his demands. Rich leads Jane's research into an epic discovery of a rare plant that could change the treatment of Alzheimer's disease and an expedition that leads them to the Congo. Rich has plans for Jane that she could never fathom.

Jane finds an ally in the most unexpected place. High in the jungle lives an ape man called Tarq. The natives say he's half man and half beast. He is taken by the beauty of the white jungle princess and watches out for her. The danger is not only the others that seek them, but also from her friends in the expedition that have a hidden agenda.

Jane and other survivors of the expedition find the lost tribe that has their plant, but what is the price that is to be paid? Will Jane be sold out to secure it? The tribesmen want to possess the white jungle princess. Will Jane's submission lead her into the lust of her captors? Can Tarq find the white jungle princess that has such power over him and make her his own?

For those that thought Fifty Shades of Gray was too tame but loved The Story of O, Powerone's Jane-Taken by the Ape-Man is an exotic mix of submission and bondage in the dark jungles of the Congo with twists and turns that will leave you wanting more.
